Del Rey Books, United States, 2013. Paperback. Condition: New. Language: English. Brand new Book. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY New York Times bestselling author Peter F. Hamilton's riveting new thriller combines the nail-biting suspense of a serial-killer investigation with clear-eyed scientific and social extrapolation to create a future that seems not merely plausible but inevitable. A century from now, thanks to a technology allowing instantaneous travel across light-years, humanity has solved its energy shortages, cleaned up the environment, and created far-flung colony worlds. The keys to this empire belong to the powerful North family--composed of successive generations of clones. Yet these clones are not identical. For one thing, genetic errors have crept in with each generation. For another, the original three clone "brothers" have gone their separate ways, and the branches of the family are now friendly rivals more than allies. Or maybe not so friendly. At least that's what the murder of a North clone in the English city of Newcastle suggests to Detective Sidney Hurst. Sid is a solid investigator who'd like nothing better than to hand off this hot potato of a case. The way he figures it, whether he solves the crime or not, he'll make enough enemies to ruin his career. Yet Sid's case is about to take an unexpected turn: because the circumstances of the murder bear an uncanny resemblance to a killing that took place years ago on the planet St. Libra, where a North clone and his entire household were slaughtered in cold blood. The convicted slayer, Angela Tramel, has always claimed her innocence. And now it seems she may have been right. Because only the St. Libra killer could have committed the Newcastle crime. Problem is, Angela also claims that the murderer was an...
